— USAGE CHECKLIST

Before sending assets to press

- 01** **Confirm the asset**
Use the latest approved version from the media library.

- 02** **Protect the mark**
Do not stretch, skew, crop or independently recolor the logo.

- 03** **Respect image rights**
Keep credits and usage restrictions with imagery where required.

- 04** **Use approved copy**
Use the latest approved captions, descriptions and boilerplate.

- 05** **Check claims**
Do not infer company or product claims from visuals alone.

Editorial note

The supplied materials do not include executive biographies, company statistics or a confirmed media-contact record. Those details should be inserted from the latest approved source.
